About New Orleans

VA Southeast Louisiana Veterans Health Care System (SLVHCS) strives to be an efficient organization through continual process improvement and orderliness by eliminating waste in everything they do. The organization is generating a Lean environment of abundance and ownership; building a culture of "one team creating the perfect patient experience" to honor Veterans and their families.

SLVHCS is in the process of constructing and activating a new medical center that will serve as a model for health care of the future and set the standards for patient-centered care, flexibility and sustainability. It will be a level one, 200-bed tertiary care regional referral center that is projected to serve 70,000 enrolled Veterans. The new medical center will be approximately 1.6 million square feet, with two additional 1,000-car garages for both patients and staff on a 30-acre site in New Orleans. The facility has been designed to meet the full array of VA missions: health care to America's heroes, education, research and national preparedness. It will authentically reflect the culture of the region and be the cornerstone for the emerging biosciences industry in New Orleans. You can help us build from the ground up. Create history with us and join our team!

The Veterans Health Administration (VHA) operates the nation's largest integrated health care system, serving 9 million enrolled Veterans in over 1,200 hospitals, clinics and other facilities across all 50 states and 5 territories. We honor our mission of President Abraham Lincoln's promise, "To care for him who shall have borne the battle, and for his widow, and his orphan", by serving America's greatest heroes with compassion, dignity and comprehensive health care. Our physician and advanced practice clinician opportunities all offer robust benefit packages, competitive compensation, and excellent work/life balance in communities across the country.
