## Executive Update

### **Jodi Fuller Named Vice President, Benefits Products, National Rural Electric Cooperative Association**

November 2013 - Reffett Associates, Ltd. is pleased to announce they have assisted in selecting Human Resources Executive Jodi Fuller to be Vice President, Benefits Products for the National Rural Electric Cooperative Association (NRECA) based in Arlington, VA. The search was conducted by Managing Directors Louis Montgomery, Jr. and Irv Towson, of the Reston Virginia office.

Jodi has over 30 years of experience working with large employer sponsored health and wellness programs, benefits delivery and retirement programs. Most recently she was Director, Global Benefits with MeadWestvaco. Her prior experience includes senior Human Resources/ Benefits roles with AOL, Fannie Mae and Providence Hospital. She has a Master's Degree in Exercise Physiology from the University of Maryland, is certified as a Human Resource Professional (PHR) and in Benefits/ Compensation Management from the International Foundation of Benefits and World At Work.

Founded nearly 70 years ago the NRECA represents the national interests of over 900 member-owned electric cooperatives who serve more than 42 million consumers in 47 States.
